Delhi, India | 7348699823 | optimus15m@gmail.com

PROFESSIONAL SUMMARY

Computer Science graduate with CCNA and CCNP certifications, seeking an entry-level NOC / Network Engineer (L1) role. Strong foundation in routing, switching, LAN/WAN, TCP/IP, and hands-on network troubleshooting. Familiar with 24x7 NOC operations, incident handling, and escalation procedures. Open to rotational and night shifts.

EDUCATION

Bachelor of Science (B.Sc) – Computer Science

Shibli National College

Percentage (till last declared result): 68.75%

CERTIFICATIONS

CCNA | CCNP

TECHNICAL SKILLS

Networking: TCP/IP, LAN/WAN, VLAN, OSPF, RIP, NAT, ACLs

NOC Operations: Monitoring, Incident Handling, Escalation, SLA Awareness

Tools: Cisco Packet Tracer, GNS3, Wireshark, Windows, Basic Linux

HANDS-ON LAB EXPERIENCE

Configured Cisco routers and switches using CLI, implemented VLANs, Inter-VLAN routing, NAT, and ACLs. Performed L1 troubleshooting, fault isolation, and monitoring in simulated NOC environments.

AVAILABILITY

Immediate | 24x7 Rotational Shifts
